MESSAGE FROM MAYOR BRAD MORRIS

The Village of Thomasboro should be extra proud this year because we will be celebrating 150 years since its founding. Along with that there are many activities that will be planned for the night of June 13 and all day June 14. We will be looking for some volunteers to assist in these activities, so if you are interested please leave me a message at the Village Hall at 643-2675. More importantly keep your calendars free for that weekend to help us celebrate.

I believe that I share the same sentiment has all of you that we are ready to come out of our hibernation from this long and hard winter and begin to enjoy the activities that warmer temperatures will bring. Looking back at the winter I have had many citizens compliment the snow removal and would like to say thanks to Jay Arnold for all the long hours he has put in clearing our streets. I would also like to thank Leon Albers our Village Treasurer who has over 10 years of service for the village. Leon has recently expressed to the board that he will be retiring, he has been an asset to myself and the Village of Thomasboro. While he will be leaving us we have made some additions, recently we have hired Police Officers Jennifer Smoot, Zach Milt, and Jeff Metzler. They all bring great qualifications to their position and I am grateful to have them in our community.

As I spoke about in previous newsletters one of the common complaints in town has been unsightly properties. I have seen many improvements in town, and with the approach of warmer weather I hope to see this continue. Our trash collection day on May 17th will be a great opportunity to get rid of that trash around our homes. Please do not hesitate to leave a message at the Village Hall if there are items that you need assistance in hauling to the dumpster. The other issue that I would like to address faces our Public Works Department and clearing our sewer pumps of debris that should not be finding its way into the system to begin with. If I could ask for your assistance in NOT flushing items such as diapers and rags down your toilet it would be much appreciated. These items eventually find their way to the pumps clogging them, which in turn becomes labor intensive to fix. I think that we all would like to use our resources towards other village improvement projects other than clearing our pumps of this debris.

I am looking forward to a fun summer here in our village. As always if you have any concerns please reach me by calling Village Hall or sending me an email to tboro.brad@gmail.com.

Thank You,

Brad Morris

SPRING COMMUNITY CLEANUP DAY – MAY 17

The Village Board has set our seasonal Community Cleanup for Saturday, May 17th, from 8:00am to 12:00 noon. The Village has been working very hard to clean up our community, and this is your opportunity to help us in our goal of making Thomasboro more attractive for residents and visitors alike. Dumpsters will be located at the water plant at 606 W. Central Avenue. This program is open to all Thomasboro residents, and participants will be required to show a current driver's license with a Village of Thomasboro address. Once again, we are asking participants for a freewill donation to help defray the costs of having the dumpsters and semi on site. Trustees will monitor dumpsters, as there are a few items which will not be permitted, i.e. hazardous chemicals, automobiles, tree limbs, yard waste and raw garbage. No one is to leave anything at the site before May 17th at 8:00 am or after the dumpsters have been filled and covered. Trustees ask that you enter from Schluter Street and exit from Central Avenue. TIRES WILL NOT BE ACCEPTED.

We hope that everyone has a successful sale!

Volo Superfast Internet, Phone Update

A little more construction,
new branding,
and lower prices!

After a hiatus due to the brutal winter, Volo is planning to start construction again in the first week of April, with free installation for those that sign up by April 15th, and new, lower phone service prices.

“Our plan is to finish the western Thomasboro backbone during April, and have everyone online by May 15th,” explained Tony Grilo, Thomasboro resident & Operations Manager at Volo.

With the network being completed in May, Volo is offering some discounts: “To thank everyone for putting up with our dust, we are offering **free installation to anyone who signs up for service prior to April 15,**” according to Peter Folk, Volo’s CEO.

And that’s not the only cost saving now available to Volo customers. “We have also **lowered the price of our phone service to \$12.95**, and we are now offering it to all residents of Thomasboro, not just those on Volo Internet” continued Folk. Current Volo subscribers should have seen that savings on their most recent Volo bill.

“The winter was definitely a good test of the network,” commented Grilo. “We found some problems with the cold and fixed them; we’re now confident that the network is very stable and able to take anything Mother Nature throws at it!”

Volo Broadband Superfast Internet and phone was previously known as Digital Water. Internet service, with speeds up to 1000mbps for \$29.95 and up, is the lowest cost service in the nation with such fast speeds. Volo also offers DirecTV and Dish Networks TV services.
