February 2, 2018

Dear Thomasboro Resident,

With the anticipation of significant snowfall forecasted for the early part of next week, the Village would like to remind residents of the Snow Route ordinance that goes into effect on all streets and alleys when there are snow accumulations of 2 or more inches.

## **F. Snow Route**

### **(1) Route Enforcement and Parking Restriction**

**The Village shall enforce a snow route consisting of all Village streets and alleyways after snowfall of two (2) or more inches. When the snow route is in effect, there shall be no parking on Village streets or alleyways in order to allow public works personnel to clear snow without having to plow around vehicles.**

### **(2) Penalty**

**Any person who violates the parking restriction when the snow route is in effect shall have their vehicle towed at the vehicle owner's expense. No additional fine will be imposed by the Village.**
